

Steering Committee:

Harald Garrecht, Germany (Chair)
Harianto Hardjasaputra, Indonesia
Jan Hofmann, Germany
Akanshu Sharma, Germany
Josipa Bošnjak, Germany

Scientific Committee:

Harald Garrecht, Germany (Co-Chair)
Han Aylie, Indonesia (Co-Chair)
Werner Sobek, Germany
Ulrike Kuhlmann, Germany
Silke Wieprecht, Germany
Manfred Bischoff, Germany
Jan Hofmann, Germany
Wolfgang Nowak, Germany
Ullrich Martin, Germany
Martin Kranert, Germany
Jörn Birkmann, Germany
Christian Moormann, Germany
Akanshu Sharma, Germany
Josipa Bošnjak, Germany
Harianto Hardjasaputra, Indonesia
Benjamin Lumantarna, Indonesia
Djwantoro Hardjito, Indonesia
Yoyong Arfiadi, Indonesia
Manlian Adventus Simandjuntak, Indonesia
Harijanto Setiawan, Indonesia
Florentina Pungky Pramesti, Indonesia
Januarti Jaya Ekaputri, Indonesia
Jaewoo Park, Korea
Jongsung Sim, Korea
S. Suriya Prakash, India
Girum S. Urgessa, USA
Giovanni Muciaccia, Italy
Jarit de Gijt, Netherlands

Local Organizing Committee

Akanshu Sharma, Germany
Josipa Bošnjak, Germany
Simone Stumpp, Germany
Monika Werner, Germany

Organizing Committee

Akanshu Sharma, Germany
Josipa Bošnjak, Germany
Simone Stumpp, Germany
Monika Werner, Germany
Ade Lisantono, Indonesia
Helena Pfau, Indonesia
Luky Handoko, Indonesia
Jack Widjayakusuma, Indonesia
Wiryanto Dewobroto, Indonesia
Yuliarti Kusumawardaningsih, Indonesia
Junaedi Utomo, Indonesia

Language

The language of the conference is English

EACEF

The 7th International Conference of Euro Asia Civil Engineering Forum
Stuttgart, Germany, 2019

Green Engineering for Infrastructure and Structural Safety against Hazards

30.09.2019 – 02.10.2019
Stuttgart, Germany

First Announcement and Call for Abstracts

Organized by:
Faculty of Civil and Environmental
Engineering

Lead Institute:
Institute of Construction Materials

University of Stuttgart
Germany

In cooperation with

Indonesian Universities Consortium

About EACEF

Euro Asia Civil Engineering Forum (EACEF) was founded in 2006 in Stuttgart – Germany. The founders of EACEF are Prof. Dr.-Ing. Harianto Hardjasa-putra (Universitas Pelita Harapan, Indonesia) and Prof. Dr.-Ing. Karl-Heinz Reineck, (University of Stuttgart, Germany). EACEF is a forum to promote the cooperation and understanding between European and Asian countries, focusing on Civil Engineering expertise. EACEF plays an important role as the bridge between these two continents, to link European and Asian Civil Engineers, especially those with a commitment to sustainable development (www.eacef.com).

Conference Themes (not limited to)

Sustainable Construction Materials
Structural & Construction Engineering
Concrete Engineering
Geotechnical Engineering
Construction & Safety Management
Hydraulics, Hydrology and Water Engineering
Transportation Engineering
Sanitation & Environmental Engineering
Climate Change, Disaster Management
Performance based design

Important Dates

- Submission of Abstracts 10.12.2018
- Acceptance of Abstracts 31.12.2018
- Submission of Full Paper 31.03.2019
- Acceptance of Full Paper 30.06.2019

Background

The two major challenges in front of the civil engineering community today are to help save the environment by reducing the pollution and carbon footprint for new structures and to ensure the safety of new and existing structures against natural and man-made hazards.

For practical reasons, the new approaches within the framework of green engineering and the approaches to enhance the safety of structures should not relinquish the economic efficiency and viability. To achieve this, various aspects of civil engineering such as material behavior, structural behavior, construction practice, environmental considerations, geotechnical aspects etc. must be appropriately considered. This means that all the aspects of civil engineering must go hand-in-hand. Additionally, good emergency preparedness and disaster management is essential to mitigate the consequences of the accidental hazards.

Given the recent advances in the various fields of green engineering and the methods to enhance the safety of structures against hazards, this conference aims at bringing researchers and engineers together and offers an excellent platform for exchange of ideas, as well as to showcase the results of their research efforts.

Symposium Venue

The symposium will take place in Stuttgart. Stuttgart will host the famous Volksfest (Beer festival) during this time. A tour to Volksfest can be organized if sufficient number of people are interested in it.

Registration Fees

Conference registration fees include welcome reception, coffee breaks, conference banquet, attendance at all sessions and a copy of the conference proceedings.

Full delegate:	480 € (Early bird [#])
Full delegate:	580 € (Standard)
Students:	325 € (Fixed)
Accompanying person*:	100 €

Taxes are included.

[#]Early bird registration deadline: 31.03.2019

*The accompanying person registration includes welcome reception and symposium banquet.

Abstract Submission

Please submit your abstract (200 – 300 words) on our website www.eacef2019.com
The abstract template is downloadable there as well.

Proceedings

All accepted papers will be published in form of a printed abstract volume and the fulltext will be published in the Open Access Journal IOP Conference Series: Materials Science and Engineering (indexed in Scopus, Compendex ...)

Call for Sponsorship

Your sponsorship is a way to promote your company to a professional target audience. Please contact us or visit the symposium website to find out the possibilities to become a symposium sponsor.
